Examiner's Amendment/Reasons for Allowance

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bolesh J. Skutnik on May 23, 2005.

The application has been amended as follows:

1. Claim 15, line 4, after "lens" insert --for the purpose of providing safety information--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. Specifically, with reference to independent claim 11, none of the prior art either alone or in combination, disclose or teach of the claimed safety contact lens specifically including, as the distinguishing feature in combination with the other limitations, the claimed color of the tinted area chosen to correspond to at least one radiation parameter to which the contact lens is protective according to a preselected scheme. Specifically, with reference to independent claim 12, none of the prior art either alone or in combination, disclose or

teach of the claimed safety contact lens specifically including, as the distinguishing feature in combination with the other limitations, the claimed tinted area not visible under light in a normal visible range, and is only visible under light of a preselected wavelength range. Specifically, with reference to independent claim 14, none of the prior art either alone or in combination, disclose or teach of the claimed safety contact lens specifically including, as the distinguishing feature in combination with the other limitations, the claimed identification area having visual attributes that vary according to given radiation parameters with the visual attributes unique to a given treatment or set of radiation parameters according to a preselected scheme. Specifically, with reference to independent claim 15, none of the prior art either alone or in combination, disclose or teach of the claimed safety contact lens specifically including, as the distinguishing features in combination with the other limitations, the claimed identification area clearly visible to third parties or to a person wearing the lens or both while the lens is worn on an eye and the identification area for the purpose of providing safety information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jordan M. Schwartz whose telephone number is (571) 272-2337. The examiner can normally be reached on Monday to Friday from 8:00 to 4:30.
